

Charge Husband With His Wife's Slaying

Thomas Fox, 20, of 412 Nobes, ave., Lockport, who last week was in the employ of the S. & S. Sink Top Co., of Frankfort, has been arraigned on the charge of murdering his 22-year-old wife, the former Carol Ballantine.

According to Sheriff Joseph Trizna, Fox has signed a statement stating that he saw the body of his wife in the bathtub at their home and that he saw blood on his hands but can remember nothing else.

"It's like a bad dream," he was quoted.

The body of Mrs. Fox was discovered about 7:30 a.m. Sunday by her mother, Mrs. Charlotte Ballantine, 421 Oak st., and a sister, JoAnn, 19. The Ballantines live about two blocks from the Fox home. Both residences are in Lockport township, north of the city.

The body was face down in the bathtub. An autopsy performed Sunday afternoon disclosed that she had been stabbed in the heart and savagely slashed from neck to abdomen, according to Coroner Willard G. Blood.

Mrs. Fox was employed in Chicago as an IBM operator. She and her husband had been invited to dinner with friends in Hampton Park Friday night. The husband wasn't home so Mrs. Fox got ready and taking their 2-year-old daughter, Victoria, with her accompanied her hostess home. Fox got there about 10:30, according to investigators. The couple and their child went home around 2 o'clock Saturday morning.

Around 11 a.m. Saturday, Mrs. Ballantine told Deputy Sheriff Walter Muehler, of Mokena, her son-in-law brought the baby to her home and asked her to look after it. She said he told her they had been out late and Carol wasn't feeling well.

Coroner Blood said the autopsy indicated that the victim had been dead 24 hours prior to the discovery of her body.

When Mrs. Ballantine was unable to contact her daughter Sunday morning, she was quoted by Muehler, she "became suspicious and accompanied by her other daughter went to the home to investigate. They found the house locked and forced an entrance to make their grisly discovery moments later. There was no water in the bathtub. There was considerable blood in the

bedroom.

At about the same time Fox left the home of his parents, Mr. and Mrs. James Fox, 905 Jasper st. and drove off in his car. State police sent out a general alert and police of all midwestern states were given a description of the man and his car.

The search ended Monday night when Chicago police who had been watching the home of Robert Grata, 19, 4607 N. Magnolia, apprehended Fox. Grata was known to be a friend of his and police kept tab on the house.

Grata was brought to Joliet with Fox. He signed a statement, according to Sheriff Trizna stating that Fox told him that his wife had been stabbed.

In Fox's statement he is alleged to have stated that when he woke up Saturday there was blood in the room and blood on his hands and that he went to the bathroom and saw his wife's body there. He contends that he

doesn't know what happened.

A warrant charging Fox with his wife's murder was obtained by Sheriff Trizna from Chief Magistrate Robert Buchar. The arraignment took place at 1:30 Tuesday afternoon and Fox returned to the county jail, there being no bond in such a case.

Lt. John Shelly and Sheriff Trizna are in charge of the investigation and being aided by members of the state crime laboratory.

Neighbors said Fox came back to the house Saturday afternoon but did not go in.

He was picked up Saturday night by state police wandering along Edens expressway north of Chicago after abandoning his car. They took him to Winnetka police and he was so incoherent in his talk and appeared to be so dazed that police called in a doctor and then notified Fox's parents. The parents brought him back to Joliet and he stayed at their house that night, leaving early Sunday morning.

Find Missing Tornado Victim; Hospitalized

Within the hour after the tornado struck the area the afternoon of Nov. 12 there was a story in circulation that a man employed at the I-80 bridge site west of New Lenox on U.S. 30 had apparently been carried off by the wind.

One version was that he had been talking to a fellow worker and when this man turned to look at something and then turned back his companion had disappeared. Attempts to determine if a worker had disappeared were unsuccessful. A man had been injured when he was whirled and knocked about in a trailer that was used as an office and the trailer was wrecked but no one remembered anything about anyone else having been a storm victim.

Now the facts are available. The man who disappeared was Terry L. Al-

bright, 18, Ferguson rd., Plainfield. He is an employee of the state highway department and now a patient in Copley hospital, Aurora, where he is undergoing tests to ascertain the extent of his injuries.

The young man suffered a fracture to one of the vertebrae and something sharp had been driven thru his boot and deep into the right ankle. He was badly bruised and had numerous lacerations about the face and head as a result of having been churned about before the trailer disintegrated and he picked himself up some yards distant. Later his glasses were found some 200 feet away. His physical hurts are healing and of little concern. What is causing concern is possible brain damage. Tests are being made to determine if there is damage.

According to his mother, Mrs. Harold Albright, Terry doesn't remember anything after he felt himself going backward in the trailer until he recognized his parents in the hospital many hours later. He apparently took a fearful beating by the storm. His clothing was torn and in disarray, he had a black eye, and skin and clothing were splattered and smeared with a green cement dye that had been stored in the trailer.

The youth made his way to his car and drove off but no one remembered seeing him go. Sometime later that day Albright sideswiped a car at 170th and Oak Park ave., Tinley Park. When police arrived he appeared to be in shock.

He was able to give his name and address but had no idea where he was. He was under the impression, his mother said later, that he had just been to church.

Tinley Park police were very kind, Mrs. Albright said. They took the youth to Ingalls Memorial hospital at Harvey and called the parents. Later the storm victim was transferred to Copley hospital to be nearer his home.

He is not permitted to have visitors.

Study Library Problems Of Frankfort, Mokena

A new state law has sound-ed the knell for small non-tax supported libraries such as serve the villages of Mokena, Frankfort, Lincoln Estates and Arbury Hills.

The use of state library books is denied those not tax supported and if the small libraries are denied this form of help, which they have enjoyed until now, they will not be able to exist, is the opinion of those who have made a study of the subject.

To endeavor to arrive at a solution of the problem a 22-member committee made up of men and women from Frankfort, Lincoln Estates, Arbury Hills and Mokena have been discussing the situation for several months. The committee met this month at the Ann Rutledge school. It will meet again in January at Willowcrest school, Mokena.

School Supt. James Ennis, of Mokena, is chairman of the group.

Various suggestions have been made - that village libraries be established, that a township library be es-

tablished, that a township library be established with four outlets to serve Mokena, Frankfort, Lincoln Estates and Arbury Hills.

No decision has been made.

Those favoring a township set-up point out that a broad tax base is necessary if a tax supported library is established.

But before a tax supported library, township, village or district, is set up the voters within the proposed boundaries will decide the question at a referendum.

Should such a tax be approved a library board would be chosen and such board would decide whether to become a member of a library system.

From information available, libraries not a part of a system may find it difficult to progress.

At present Will, Grundy and Kankakee counties would probably make up a system. Under new Illinois law a system library is governed by a board of trustees selected from the trustees of the participating libraries.

The system has its own set of by-laws and determines the kind and quality of service it wishes to give the areas under its jurisdiction. The system board may be no less than five and not more than 15 members. The term "library system" under the new Illinois library law means one or more tax supported libraries serving a minimum of 150,000 inhabitants or an area of not less than 4,000 square miles.

An application for the formation of a library system together with a plan of service describing the specific purpose for which the system is formed and the means

by which such purposes are to be accomplished, must be approved by the state librarian.

Such a system is entitled to one establishment grant of \$25,000 if it serves one county, in whole or in part, and for each additional county, an additional grant of \$15,000 shall be made.

In addition there shall be an annual per capita and area grant -- 40 cents per capita of the population, plus the sum of \$5 per square mile if the area served is in one county or the sum of \$15 per square mile if the area lies in two counties or more.

Such a system would have a central pool of reference material and books which could be borrowed by all member libraries. The center would also take care of the cataloging. In Mokena, for instance, the books in its library are not catalogued so finding material or a specific volume is a difficult task.

Members of the tri-county committee met at Mokena this month and will meet again Dec. 7 at Wilmington. Robert K. Pohl, Joliet librarian, is chairman of the group. At the Mokena meeting Donald Wright, assistant deputy state librarian, guided the group's discussion and explained the new library law.

Others present were Supt. Ennis, Mrs. Beatrice Olson, Mrs. Amy Engelhardt, Mrs. Joyce Petnuch, Mokena; Mrs. Marion Kohlbaecher, Mrs. Patricia Gilliam, Frankfort; Helen Hayden, Wilmington; Ethel Gregg, Morris; Doris Kapella, Joliet; Thyra Hartong, Plainfield; Mrs. Arthur Whalen, Lockport; Henry Engel, Kankakee, and Arbie Seltzer and Florence Lynk, Manhattan.

Asks Improvement Of 143rd St., East

The village of Orland Park is asking the state highway department to improve 143rd street east of La-Grange road.

A letter from the board has been dispatched to Francis Lorenz, director of the department of public works and buildings which includes

the state highway department.

The village asks that the street be widened between U.S. 45 and Harlem ave., a distance of three miles. The road, the village contends, is too narrow for the amount of traffic that makes use of it.

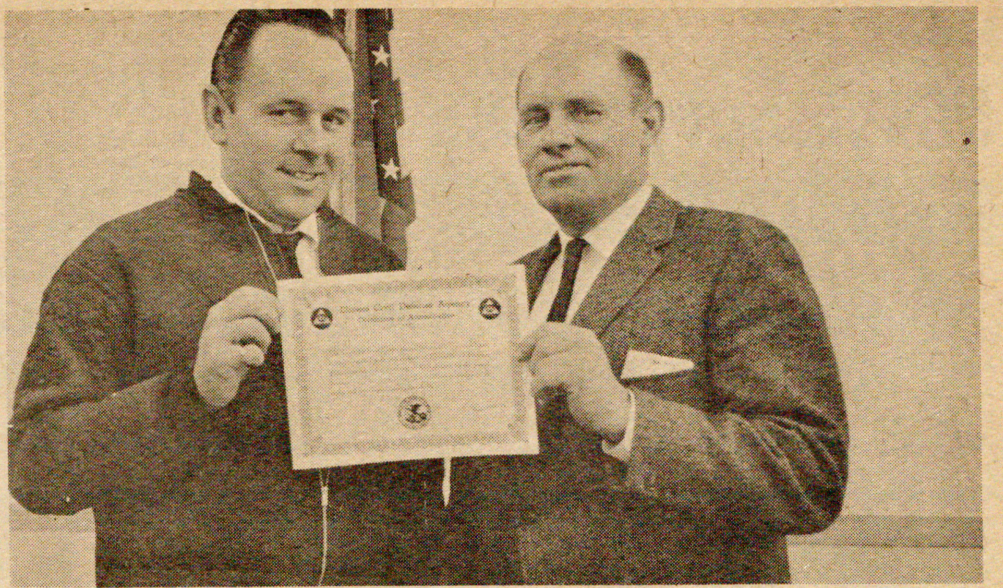

The board also would have pedestrian walks built along the road between 94th ave. and U.S. 45 and that a snow fence be erected along north side of 143rd st. between 92nd and 94th avenues. Last winter the road was badly drifted in that area, it was explained.

Plats for two small subdivisions were approved by the village board. One was submitted by Rich Construction Co. for property at Huntington court and West ave. The other was submitted for Graefens Subdivision -- five lots.

Dr. Elmer Schuessler has filed a petition with the planning commission and zoning board for classification of property at the rear of his clinic on 143rd st. He is asking it be classified as commercial.

An ordinance was adopted changing the delinquency period on water bills. Heretofore water customers who were delinquent in their bills could count on a 60 day period before it could be shut off. The time is now cut to 30 days. The ordinance also provides that after a person has had his water supply cut off he must post a \$25 deposit with the village clerk as a cushion against future delinquency.

The board granted permission to the Girl Scouts to use the village hall for a meeting place Saturday

IT'S OFFICIAL - Edward Foster, (left) civil defense director of Orland Park and Mayor Melvin Doogan are displaying a certificate showing recognition of Foster and the Orland Park civil defense set up by the state civil defense agency. Receiving the Colors are Mrs. Grace Barry, village trustee heading the building and grounds committee, Mrs. William Kane, Republican committeewoman for Orland township, and Orland's mayor, Melvin Doogan. The flag will be flown at the Orland Park Village hall.

covered. The gang is alleged to have stolen serial plates from similar cars and affixed them to the stolen autos.

More car thefts, it was said, are under investigation.

One of those seized by federal agents was Orland David, 46, of 435 Locust st., Frankfort. Also taken were his brother, Robert David,

PUTS TEACHERS AHEAD OF LAND

Dear Sir:

As a parent, taxpayer, and educator, I want to go on record that I am not anti-education, nor have I ever been a member of the communist party. I make this qualifying statement because, it seems, anybody who questions any bond issue related to education is put into one or both of these categories.

The bond issue, which will be voted on in December, is for the sole purpose of procuring land. This is a noble undertaking---BUT, is this the most important and crucial issue that must be remedied first???? I think not!!

Education takes place in the classroom with QUALIFIED, well paid teachers. How can we compete with other districts for the services of teachers, when our salaries do not compare with the larger districts of our state, especially Chicago and suburbs.

The teacher is the most important paid "ingredient" in our educational institutions. We must find, hire, and retain the best teachers for our children. Money must be no object in hiring teachers.

To get enough money for the payment of qualified teachers, we must vote a tax increase for the educational fund. This is the most crucial issue to date. If enough money is allotted, full time art, music, and band teachers can be hired and thus our children will "reap" a fuller education.

Let me reiterate----I am not against the procuring of more land (in the future), for I do think that the consolidated campus type school is the coming trend in education. It will also eliminate the "neighborhood school" and thus we will not be "faced" with the problems that Chicago faces now---when and "if" minority groups move into our district. Gordon F. Richards

Open Letter from the Hirschs

Dear friends,

Like the doctor, policeman, fireman, hospital personnel, social worker, and others, the funeral director is 'on call' at all times. This availability, twenty-four hours of the day and night, contributes to the operating expenses borne by the funeral director in providing his services to the public. It is a professional responsibility we willingly accept.

Respectfully,

WHY NOT NOW?

Dear Sir:
It is quite obvious that with the increased traffic on Wolf road southbound to Mokena it is just a matter of time before someone gets "splatted"

all over the highway at the Rt. 6 cutoff to Joliet.

Where are all of our high salaried traffic engineers? It must be evident, even to a layman, that a "stop" sign

on northbound Rt. 6 is not enough protection for motorists who wish to continue south on Wolf road. Traffic moves out after stopping with the assumption that southbound traffic is turning

west.

The pattern is familiar. After a few of us are picked up "with a blotter" there will be an investigation. The findings will be that the intersection is "dangerous"

and requires a stop light. Everyone then says, "I knew it" - "I told you so".

The only question I care to ask at this time is "Why Not Now?"

BUSINESS & FINANCE

BY MAURICE P. ANGLAND
Government economists
are expressing belief that

the present high level of
business activity will con-
tinue without interruption for
some time into the future.

HONORED—Four of the young people who won awards for being state and county outstanding 4-H members in agriculture are: (standing l to r) David Smerken, Park Forest; and Robert Cooper, Orland Park. (seated) Jean Schilling, Tinley Park; and Marianne Cooper, Orland Park.

(Graphic Newspaper Photo)

This is the report of security analysts returning from regular field trips to Washington to get the general government ideas on business. The "great society" can and will work in their belief! As could be expected there are quite a number of competent economists who are not quite so optimistic.

The Gross National Product could exceed \$675 billion this year and reach \$710 billion in 1966 with an estimated \$900 billion five years from now. With such prospects for gains of this size in near by years, government estimates are for capital and investment spending 10 percent beyond the figure of \$51 billion expected for 1965. The greatest boom in history continues. After tax profits continue to set new records.

Population increases in the western world have meant increases in general business or so many believe. Population is expected to increase in the next thirty five years as it has since the beginning of time. Population increases do not always bring prosperity.

The problem of production of food to feed this great expansion in population, is very considerable. Our country with only 12 percent of the arable land of the world, has become the greatest food producer and supply not only our own nation which is now about 200 million persons, on a high dietary level, but send large amounts

of food to other parts of the world. India and Pakistan are fighting over borders and other matters and import food due to a backward agriculture. These two nations have 19% of the world's population and about the same percentage of arable world land (12%). The birth rate presents a real problem!

The problems of fresh water is one that must be solved in a way whereby the costs will be lowered to the point where desalinization will reduce costs to point where fresh water can be used in irrigation. Other sources of fresh water are being sought thru considerable research.

It has been noted that 71 percent of the earth's surface is covered by water and yet potable water for exploding population and agriculture needs, is pressing hard for solution.

Of fresh liquid surface water, the entire earth contains only 30,000 cubic miles and one fourth of this is concentrated in the Great Lakes. Cities surrounding the Great Lakes have been taking in-

creasingly large amounts and lowering the lake levels to the point where the Canadian and our own government are studying the problem to protect their population and its commerce and industry. Water withdrawal from the Great Lakes is said to have doubled every 25 years since 1900.

There are a number of firms working on the desalinization of water, but only a few specializing in this activity. Government sources indicate that there will be

continuing increases in research funds for this problem until it is solved. The objective is to get desalted water costs down to something under thirty cents per 100 gallons.

A very large desalting project is soon to be finished in the Los Angeles area - using atomic energy.

and Mr. and Mrs. David Dralle and family dined on Thanksgiving Day as guests of Mr. and Mrs. Alfred Menzer at Joliet.

Mrs. Orville Jures entertained her Pinochle club at her home last Wednesday. Honors were won by Mrs. Donald Wilke, Mrs. Carl Toepper and Miss Lillian Miller. After the game a two-course luncheon was served by the hostess.

The next meeting, a Christmas party, will be held at the home of Mrs. Donald Wilke on Wednesday, Dec. 15 at 7 p.m. The group will reveal their secret pals at this meeting with a Christmas gift.

sary funds to run the baseball league for the upcoming season.

As is usual in most every organization, there are the same few people who are first in line to offer their assistance on planning and holding the dance. This is NOT a closed corporation! The baseball league is NOT a clique! They are willing, and eager, to have more newcomers, whether or not you have boys of your own in the teams. All you need is a willing hand and an interest in our young people.

If you are interested in adding your name to the list of workers for the dance, please contact Carolyn Cronos at 479-5038, for a happy welcome into the group.

St. Mary's church in Mokena is holding their annual Christmas bazaar next Friday and Saturday, December 3 and 4, at the gymnasium. There will be a wide assortment of Christmas cards and decorations, handmade clothes for children, toys and aprons, pillow cases, plants (the real ones too), religious goods and numerous additional items.

Santa Claus will make his appearance to please the little ones, and the older children will find many gifts priced down to their small means.

A spaghetti dinner will be

served on Saturday evening, Dec. 4 beginning at 5 p.m. Browse through giftland and finish the evening with a family spaghetti supper, giving mom an early Christmas present of a night off from the kitchen.

The Arbury Hills Baby Sitters Cooperative will have its secretary's book change hands on December 1, at which time it will be taken over by Mrs. Richard Mansell from Mrs. Richard Heim who has been acting as secretary for the past month.

Any member of the group who needs a sitter should contact Mrs. Mansell at 479-5772 at least twenty-four hours in advance of the date needed.

If there are any other mothers in Arbury Hills who would be interested in joining the group, please contact Mrs. Mansell at the above number.

The idea of the group is to provide sitters for your youngsters without the exchange of money. Each mother is to replace hours used with an equal number of hours put in as baby sitter, regardless of the number of children involved.

The Cadette Girl Scout Troop took a Thanksgiving trip to the Salem Old Peoples Home in Joliet last Saturday, November 20, to visit their adopted grandma and grandpa. The girls have been bringing treats and entertaining their adoptive grandparents periodically since last year.

Our condolences Bob Broekstra and children on the recent death of Karen, wife and mother.

Lincoln-Way Hold Title Hopes

BY TOM SCARTH

The 1965-66 Lincoln-Way basketball season started Wednesday night as the Knights battled with the Blue Devils of Peotone at Lincoln-Way.

At the helm is A. L. Willis, head coach, who will be assisted by Coach Ed Edson. Coach Willis's prediction for this year is a season of more than 20 wins and, of course, the conference crown.

The Knights, who are defending conference champions, are hopefully looking for their third conference championship. The Knights will also be playing in several tournaments this year. The first being the Lockport tourney this Friday and Saturday. The Centralia holiday tournament Dec. 28 -

30 and the regional tournament.

The Knights have seven returning lettermen this year. Keith Schram, 6 - 0 guard, Karl Warning, 6-4 center and 5-8 guard Marc Schonwise, are seniors. The juniors are 5' 11" guard, Bill Stanfill, 6-4 forward, Mike Seltzinger, 6-1 forward Tom Hartnell and 5-10 guard, Frank Fleck.

The remaining athletes making up this year's varsity team are 6-0 guard, Steve White; 6-3 forward, Dave Eden; 6-3 forward Steve Idhe; 6-4 center, Dean Warning; 6-2 forward, Greg Speiss; 6-3 forward, Tom Tilsy; 5-10 guard, Jerry Ryden; 6-5 center, Bob Kleidaisch; 5-8 guard, Larry Sorrensen, and 5-8 guard, Rich Stroh.

Carstens Bombers Set For Next Year

Seventeen sports-minded people attended the meeting of the Carstens Bombers softball team, which was held Nov. 18 at Hogy's hall.

Tom Vaughn, acting chairman, introduced August Gus Santoro, guest speaker. Santoro, a Frankfort attorney, was elected as assessor for Frankfort township last April. He spoke on sportsmanship and the benefits that can be derived from community activities such as this softball team.

The following were elected; Tom Fordonski, manager for 1966; Bill Frankenberg, assistant manager; Howard Bluth and Tom Vaughn, coaches; Clarence Harms and Don Schofield, co-captains.

The most valuable player award went to Bob Seamon who played left field. Bob batted .478 and led the team in total base hits and triples. Rick Staton was elected as bat boy; Rick Harms, scorekeeper and Bonnie Sue Harms, mascot.

It was voted upon to carry no more than 13 active players.

The batting title went to Bill Frankenberg with a .642 average, followed by Ron Rob and Howard Bluth, both with a .615 average.

A committee was appointed to look into various ways and means to raise funds. Mrs. W. G. Davidson acted

as secretary and was appointed to act as temporary treasurer.

Refreshments were served.

RICHARD DE LANO
ASSISTANT COOK COUNTY
FARM ADVISER IN ORNA-
MENTAL HORTICULTURE
AND FLORICULTURE

"Ye Pilgrims: in as much as the great Father has given us this year an abundant harvest of Indian corn, wheat, peas, beans, squashes and garden vegetables... I, your magistrate, do proclaim that all ye Pilgrims do gather on Thursday, November ye 29th, of the year of our Lord one thousand six hundred and twenty-three,

to listen and render Thanksgiving to ye Almighty God for all these blessings."

Thus did Governor Bradford proclaim the first Thanksgiving day. Thanksgiving has been observed ever since, until 1964 when President Lincoln established the fourth Thursday of November as National Thanksgiving day.

The story of the vegetables in the first Thanksgiving day proclamation is as interesting as the history of the day itself.

Indian corn, or corn, was unique to North and South America long before the Pilgrims reached the new world. Although the Indians of the Plymouth area were fishers and hunters, they apparently cultivated gardens which contained corn. The ability of the Pilgrims to follow their example and produce a successful crop during this early period indicates they were on good terms with the Indians in the region. It also indicates they were excellent farmers and had the blessings of God. It must be remembered that corn was a product that the Pilgrims had never observed before settling in Plymouth.

Although corn was a new and unfamiliar crop. Peas were another story. They were grown in English gardens regularly. In fact so many fine varieties were developed that it became known as the "English Pea." At one time pod and all was eaten just as a bean.

Peas have been found in old sites of the Swiss lake dwellers and even in Hungary, middle Asia and Northwest India through Afghanistan. Surprisingly enough

they have neither been found among any ancient Egyptian treasures nor are they ever mentioned in the Bible.

Beans like corn were present in Indian gardens. However, the Indian bean was different from the old world varieties. The first successful stringless bean was introduced in 1894.

It is interesting that the 1623 proclamation mentions only squash and not pumpkins. This is because botanically even today we cannot

distinguish between them. We have squash varieties that look like pumpkins and pumpkin varieties, such as the cushaw, that look like squash. The word "squash" is an Indian word. Roger Williams, the Baptist founder of Rhode Island, wrote the word "askutasquash," meant eaten raw or uncooked.

This is certainly not the way squash are consumed now. However, this manner

of consumption may be more traditional or historical than pumpkin pie or baked squash.

By "Garden Vegetables" Governor Bradford probably referred to the various perishable greens and other vegetables used during the summer. This points to the great appreciation and thankfulness the colony had for the good keeping garden products, such as Indian corn, peas, wheat, beans and squash.

Can Deduct Tornado Losses In Figuring 1965 Income Tax

Residents of Joliet, Preston Heights, New Lenox and Mokena, who suffered losses due to the recent tornadoes, high winds and hail storms, should begin as soon as possible to prepare a list of property losses so that they may be claimed on the 1965 Federal income tax returns, according to Albert R. Clark, Office Manager of the Internal Revenue office in Joliet.

To assist taxpayers in determining their losses, Mr. Clark said his office has available copies of Internal Revenue Service Document 5174, titled, "Disasters, Casualties and Thefts." The important topics covered in this booklet are:

1. How to figure the loss to your home,
2. How to figure losses to trees, shrubs, and other improvements,
3. How to take insurance proceeds into account for tax purposes,
4. The information you should furnish when you claim your loss,
5. Where to claim the loss on your return.

The Revenue Act of 1964 imposes a floor on deductions for losses of property used for personal purposes. Only the amount of a net loss in excess of \$100 per casualty is deductible. Married taxpayers filing joint returns are subject to only one \$100 floor for each casualty, while if they file se-

arate returns, each is subject to the \$100 floor.

Business losses will continue to be fully deductible, Mr. Clark said. In cases where there is damage to a car used for both business and pleasure, the \$100 deductible will apply only to that portion of the loss charged to personal use.

Taxpayers should gather records to substantiate the list of deductions to be claimed on tax returns. The records should show the following proof of loss:

1. That the loss was the direct result of the storms,
2. That you were the owner of the property damaged,
3. The cost or other basis of the property, evidenced by the contract, deed, or other records of improvements,
4. The depreciation allowed or allowable, if any,
5. The amount of insurance or other compensation received,
6. Value before and after the storm. If you have photographs of your property as it existed before it was damaged they will be helpful in showing the condition and value of the property before the storm. Photographs taken after the storm will show the extent of the damage.

Document 5174 is available at the Internal Revenue office in Joliet. It may also be obtained by writing to Tax Forms, P.O. Box 1193, Chicago, Illinois 60690.

Seal Sale Is Lagging Behind 1964

Christmas seal returns in Will county this week totaled \$11,896.92. Mrs. Hugh Bonar, seal sale chairman, said the returns are still slightly behind those of last year for this date.

"We hope that Will county residents will use more Christmas seals than ever this year, on letters, packages and mail of all kinds," Mrs. Bonar said. "Each seal, with its colorful and cheery design, reminds people of the valuable work accomplished by the Tuberculosis association over the past 60 years. There is still much work to do before tuberculosis is really brought under control, and these seals will help us do it."

Mrs. Bonar noted that 80 per cent of the funds raised remain in Will county, with the rest going to the state and national organizations for education and research.

Reducing Taxpayers To Numbers

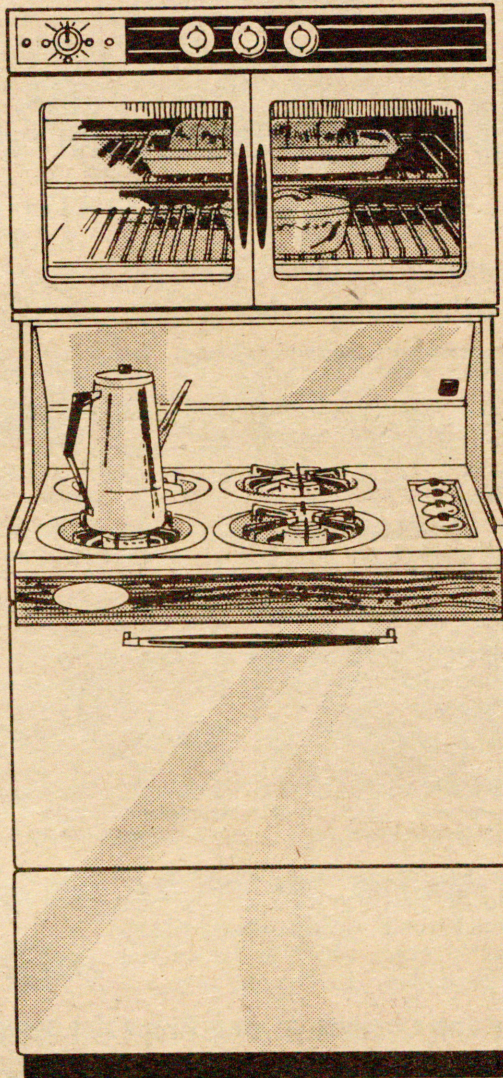

Two accountants from the area, James Hearn, of New Lenox and Mokena, and Robert Lee, Manhattan, were among the 475 members of the Independent Accountants Association of Illinois attending their 16th annual tax seminar at Chicago. The members were complimented by Eugene C. Coyle, Jr., district director of internal revenue, on the quality of their preparation of income tax returns.

In his talk Coyle outlined the progress in the use of automatic data processing by IRS which eventually will maintain one master tax record for each American taxpayer. Taxpayers are reminded to make certain their social security number is given correctly on their income tax returns and at any sources of income - The American taxpayer, it was pointed out, has become a number instead of a name.

Palos Hts. Church To Observe Anniversary

The 25th anniversary of its organization will be celebrated during the week of Nov. 28 thru Dec. 5 by Community Methodist church of Palos Heights, 121st st. and S. Harlem ave., Palos Heights.

On Palm Sunday, March

17, 1940, forty-one charter members were received into membership in the newly chartered congregation. At that time there were few houses in Palos Heights and the church, along with the public school, met in a community building owned by the

developer, Robert Bartlett. Of the original charter members the following are still members of the congregation: Mr. and Mrs. Russell Justin and Mr. and Mrs. Harold Rowley of Palos Heights; Mr. and Mrs. Niels Nielsen and Mr. and Mrs. Royal Stephenson of Palos Park; Mr. and Mrs. Fred Barbknecht of Lockport and Mrs. Pauline Hinshaw of Yalaha, Fla. These charter members, along with all present members who have been a part of the congregation more than fifteen years, will be honored at the 11 a.m. service of worship Sunday, Nov. 28. Special music will be provided by Duane Paulus, 12338 S. 73rd Avenue, Palos Heights and Richard Henderson, 12449 S. 72nd Court, Palos Heights, trumpeters, the Trinity Choir, Deo Gloria Singers and Bell Ringers, and the Choralier Choir. Church school pupils from grades one through six will also take part in the service of worship. Immediately following the service there will be

a coffee hour served by the Ruth Circle of the Woman's Society of Christian Service, Mrs. Phillip Santomaro, chairman.

Movies and slides of important events in the life of the congregation will be shown at a Pot Luck Dinner, 6:30 p.m., Wednesday, Dec. 1, at the church, Mrs. John Alfievic, 12635 S. 76th avenue, chairman of the dinner, has asked that reservations be made before Nov. 28. Harold Slocum, 12340 S. 76th Avenue, program chairman for the evening, announced that movies and slides of the

building of the first unit in 1948, and the building of the new sanctuary and fellowship hall in 1958 will be included.

The climax of the week long celebration will be a special program and reception at 3:00 p.m. Sunday, Dec. 5, at which time the three former pastors, the Rev. Ross K. Sweeney, Lombard; the Rev. Eugene Vandoski, Chicago; and the Rev. Herbert G. Null, Plainfield, will speak. Dr. Lloyd A. Gustafson, superintendent of Aurora district of the Rock River Conference, will also take part in the program.

Kurt Fredin Promoted In Air Reserve

Cadet Kurt A. Fredin, son of Mr. and Mrs. Roy H. Fredin of 135 Oakview Drive, New Lenox, has been appointed a flight commander in his Air Force Reserve Officer Training Corps (AFROTC) unit at Colorado State college.

Cadet Fredin, who presently holds the cadet rank of second lieutenant, was selected on the basis of academic grades, outstanding leadership ability and potential as an Air Force officer.

The cadet, a graduate of Lincoln-Way high school, is a member of Tau Kappa Epsilon fraternity.

Upon graduation and completion of AFROTC requirements, he will be eligible for appointment as a second lieutenant in the U. S. Air Force.

DEDICATE NIU STADIUM - an event that could have been celebrated with music and fireworks thruout the state because the stadium -- with a capacity of 22,500 -- was built without dipping so much as a finger in the drawer where the tax money is kept. Among the many persons attending the affair were State Treasurer William Scott (left) and Ronald Guetter, vice president of the Northern Illinois University Alumni Association. He is the son of Police Chief and Mrs. Frank Guetter, or Orland Park. Ronald Guetter is a senior accountant with the Shell Oil Co., currently serving on its auditing staff. (NIU Photo)

ADD MELODIUS touch to Orland firemen's dance. The Chord-In-Eights of Chord-Aires chapter, Sweet Adelines, Inc. delighted hearers with their harmony last Saturday night. "I Love the Whole United States," was a song that particularly pleased Cong. Edward Derwinski. Left to right, Dorothy Barbeem, Carol Gustafson, Arlene Harms, Marilyn Small, Cong. Derwinski, Charlotte Dolinyak, Elsie Dunne, Dorothy O'Leary and Alice Reisinger.

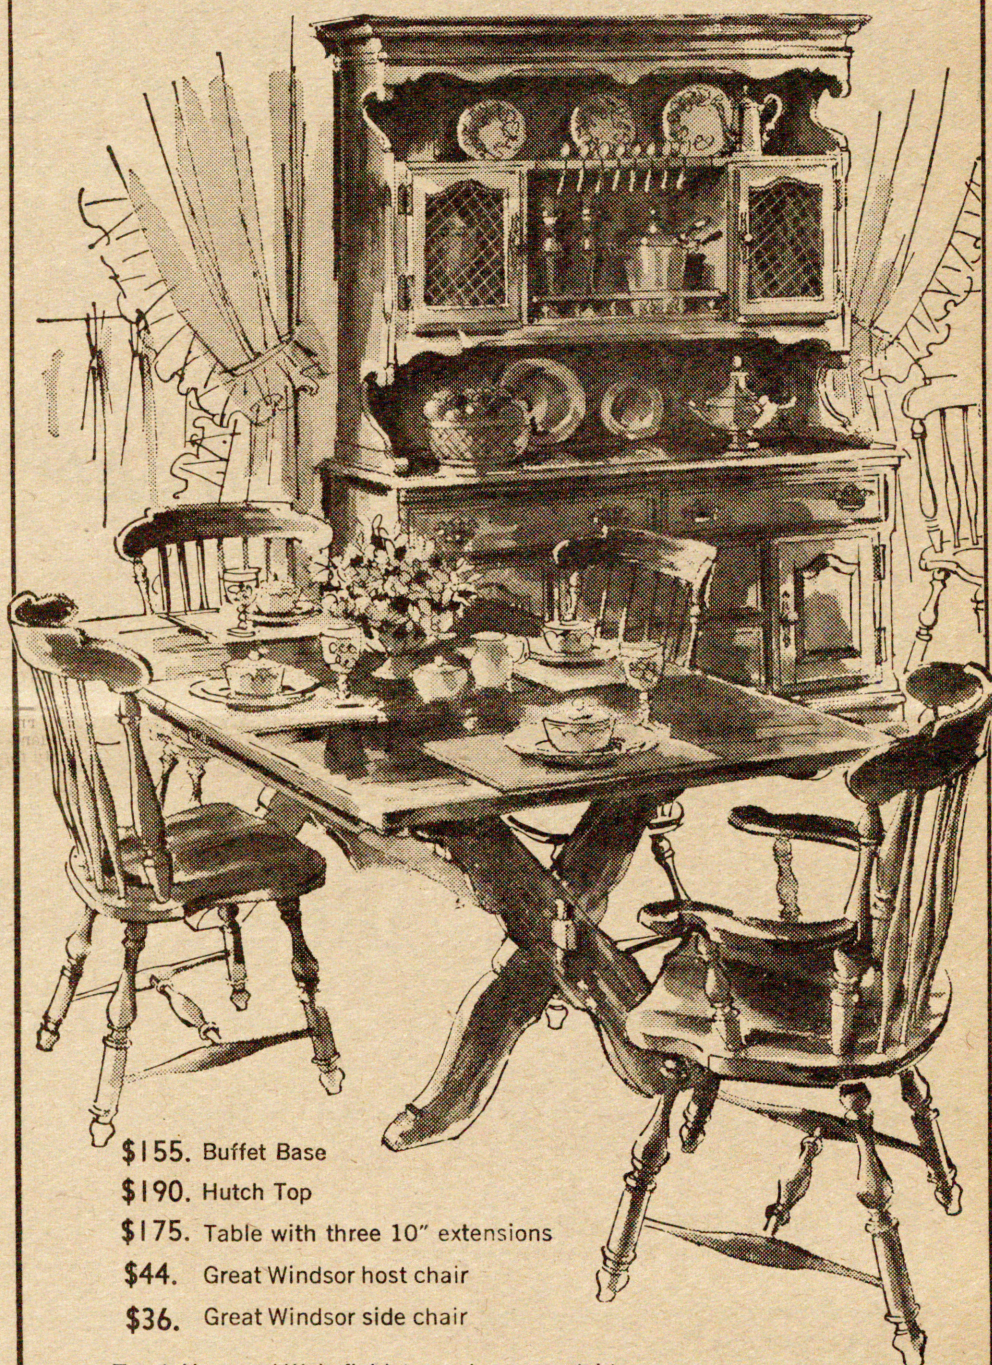

GETSGOLDSTAR - Bob Miller, former Orland Park building commissioner was presented with the star in recognition of his nine years of service to the community. The presentation was made by Mayor Melvin Doogan.
